Thanks on Section 5.

On Bessey, I promised the Forest Service Region that I would write the report because they have too much on their plate right now with a Colorado mine not to be named in emails (due to lit hold). I'm preparing to conduct a program review the week after next. So, I'll get to the Bessey report in June.

Also, neither Ben nor I could find the FDA Kansas City site report on the OSC webpage, even though we'd both seen it there before. Did it come off the webpage?

Holly,

Ben Simes has put this on the next update to remove from the docket.

Also, to date Brian Mitchell hasn't yet heard from anyone on the Bessey site.

Thanks, Paul
